Fire Prevention Act 207 Section 29.19 (as amended effective July 1, 2014) outlines the requirements for schools operating any of grades kindergarten to 12. The specific sections for Fire Drills, Tornado Drills and Lock Downs are listed below.

In addition, the following pertains to ALL DRILLS in Section 19 of the Act:

Sec. 19 (6) A school that operates any of grades kindergarten to 12 shall conduct at least one (1) of the drills required by this section during a LUNCH or RECESS period, or at another time when a significant number of the students are gathered but not in the classroom.

Fire Drills

Sec. 19 (3) A minimum of five (5) fire drills is required for each school year for a school that operates any of grades kindergarten to 12. Three (3) of the fire drills shall be held by December 1 of the school year, and two (2) shall be held during the remaining part of the school year, with a reasonable spacing interval between each drill.

| # | Date | Time Drill(s) Conducted | # of Participants | Evacuation Time | Comments |
|---|------------|-------------------------|-------------------|-----------------|--|
| 1 | 10/6/22 | 10:55am | 339 | 5 minutes | Alarm began at 10:55am. First floor lower elementary exited first. Secondary exited through stairwell exiting in front of building. All other grades exited through their perspective exits. After all clear given by everyone assigned, students and staff entered building. |
| 2 | 11/15/2022 | 11:30am | 305 | 5 minutes | Small gym basement clear. Preschool clear. Big gym and kitchen clear. Secondary clear. Elementary clear. Lower level clear. One elementary teacher forgot to close classroom door while exiting, another staff closed. No other issues or concerns. |
| 3 | 1/10/2023 | 10:30am | 310 | 5 minutes | A procedure for teachers to report student attendance/missing students (possibly using group chat in the new Talking Points App) could help better communication between staff and Admin during the drills. No door lock or building issues in the Gym/Kitchen. All clear for Upper and Lower Elementary. Suggestion of having Kindergarten and 1 st Grade use a walking rope to stay grounded as they exit building and then instructed to stay at their designated spot. Staff needs to focus on the evacuation of the students and not on getting coats. A couple of teachers got their GO bags and had in the parking lot. Let teachers know that everyone should have it with them when they exit class. |
